5. Financial Report
i. June 30, 2025 audited financial statements were presented. Teresa Schmautz provided the following financial comments:
Fiscal 2025 ended approximately at breakeven, with a profit of $250, compared with approximately $66,000 in Fiscal 2024.

Total program registrations were comparable to Fiscal 2024. Fiscal 2025 was the second full year of group packages.
In August 2024, the Board decided to dedicate the hall to off-ice programming and discontinue new arm's-length rentals.
Fiscal 2024 included approximately $36,000 in Skate Saskatchewan surplus payments for 2022–2023 and 2023–2024; Fiscal 2025 included no such payment.
Skate Saskatchewan introduced a project-based Club Support Grant. The Club was considering an application for the January 1, 2026 intake.
Section rentals increased approximately $11,000 year over year. City main operations rental costs increased approximately $17,000, partly offset by an approximately $6,000 increase in the City youth sport subsidy.
The January 2025 seminar had lower skater attendance than previous seminars, although coach attendance was good. Costs exceeded revenue by approximately $4,000. Approximately $1,700 was received through a MAP Grant request for the coach training component.
The March 2025 Ice Show margin was approximately $3,100, compared with $1,200 for March 2024.
The Fiscal 2026 profit and loss budget projects a loss of approximately $23,000. It was based on Fiscal 2025 with adjustments for anticipated changes. At the end of the first quarter (summer and fall 2025), the Club was approximately $3,300 behind budget.
Summer group-package uptake was a key factor. Summer 2024 packages ran every week and averaged approximately 19 registrations weekly. Summer 2025 packages did not run in weeks 1 or 9; registrations averaged approximately 25 in weeks 2–5 and 13 in weeks 6–8.
The Club invested approximately $26,000 in capital assets during Fiscal 2025, including a new video camera system, a handheld harness and additional off-ice equipment.
Strong working capital and long-term investments were noted as supporting continued growth and transitions toward strategic plan goals.
Board members were reminded of their fiduciary duty to make objective decisions in the organization's best interests, considering both short- and long-term goals.

Motion to accept the June 30, 2025 audited financial statements.
1st: Natalia Kurkin
2nd: Carla Bildfell
Carried

Executive Report

The 2025–2026 season has been another exciting and successful year for Skate Saskatoon. We continue to see growth in our membership, impressive achievements from our athletes, and a strong sense of community throughout the club. It has been rewarding to see our skaters succeed at every level, from those just beginning their skating journey to athletes competing at the highest levels.

This year, we celebrated some remarkable competitive accomplishments. Three of our athletes and the Open Synchro team represented Skate Saskatoon at national competitions, an incredible achievement and a reflection of the dedication of our skaters, coaches, and families. We also saw the highest number of skaters enter competitions our club has experienced since before COVID-19. This renewed enthusiasm for competition is exciting and speaks to the strength and development of our skating programs.

Our membership continues to grow, with strong participation across our various programs. It is wonderful to see more families becoming part of the Skate Saskatoon community and to watch our programs continue to develop and provide opportunities for skaters of all ages and abilities.

This year also brought changes to our club's leadership and administration. In the spring of 2026, Teresa Schmautz retired from her position as Executive Director. Teresa made many valuable contributions to Skate Saskatoon, and while we were sad to see her leave, we are grateful for her time and dedication to the club and

wish her all the very best in her retirement. In May, we welcomed Neil Tymoruski to the team as Manager of Programs and Operations. Following Natasha Taylor's move back to Alberta at the end of summer, Neil transitioned into the Director of Skating role. These transitions represent an important new chapter for our club, and we are pleased to have Neil's experience and leadership as we continue moving forward. Sara McLeod is stepping down as President and will serve as Ex-Officio for the coming year, and Andrea Kletier is stepping down from the Board of Directors. We sincerely thank them both for their hard work, dedication and contributions to Skate Saskatoon.

One of the highlights of the year was another very successful Ice Show. This event brings together our skaters, coaches, volunteers, and families in a celebration of everything that makes our club special. The time, creativity, and dedication that go into making the Ice Show possible are tremendous, and we are grateful to everyone who contributed to its success.

Volunteerism continues to be one of the greatest strengths of our club. Through the hard work and commitment of our members, we have been able to maintain several successful committees, including Hospitality, Assessment Day, and Ice Show, along with the addition of a new Fundraising Committee. These committees play an essential role in supporting our operations, creating memorable experiences for our skaters, and strengthening our club community. The club simply could not operate at the level it does without the countless hours and dedication of these volunteers. To everyone who has stepped forward to help, organized an event, served on a committee, or contributed behind the scenes, thank you. Your efforts truly make a difference.

We were also fortunate to receive a grant from Skate Saskatchewan to support the installation of our new ice rules signs and achievement boards. These additions bring a little extra fun and personality to our facility while helping celebrate our skaters' accomplishments and encouraging positive rink habits. They have been a wonderful addition, and we appreciate the support from the Section in helping us make these improvements.

As we reflect on the year, it is important to recognize that these accomplishments are the result of a collective effort. Our coaches, staff, board members, volunteers, families, and athletes all contribute to making Skate Saskatoon the club it is today. We are incredibly proud of what our community has accomplished together.

Looking ahead, we are excited to continue building on this momentum. We hope to welcome even more members, strengthen our programs, and create new opportunities for our athletes to achieve their skating goals. Our mission remains to support skaters of all ages and abilities in realizing their skating goals by providing excellent coaching, programming, facilities, and leadership. Our vision is to continue growing as a strong, welcoming, and successful skating community where every skater has the opportunity to reach their potential.

Thank you to everyone who has contributed to another successful year. We are proud of our club, proud of our athletes, and grateful for the community that makes Skate Saskatoon such a special place. We look forward to what we can accomplish together in the coming year.

Director of Skating Report

I have been the Director of Skating for only 2.5 months. I have however had lots of history with Skate Saskatoon. I was a skating member when I competed and took tests. I was a coaching member of Skate Saskatoon for 14 years prior to coming back to the club from Regina. I have worked with the Saskatchewan Section for 11yrs being a program coordinator. I was also the head coach of the North Battleford SC and coached in Calgary for 16 years.

I am excited and grateful to be in the position of Director of Skating. I would like to help the club progress and grow as we move into the future. I see the club fulfilling the needs of skaters on each stage of their development. Our club can deliver programing for young children to adults of any age, competitive, recreational, synchronized, power skating, Special Olympics, and Adaptive Skating. Our club will continue to be inclusive for all members of our community. Below is information on programing at Skate Saskatoon.

CanSkate

Our CanSkate program is a starting point for a skating pathway. Coordinators are successfully delivering a quality program. We are building this program as a base and starting point for the future of club. Making it accessible to a broad variety of participants.

Rising Stars and Junior Prep

These programs are expanding and interest is growing, developing future stars in our sport. These two programs are skaters who are coming out of the CanSkate program to higher levels of skill development and accelerated training.

Junior/Intermediate/Senior A/Senior B

The skaters participating in these programs continue in recreational and competitive avenues. It also opens pathways to synchro, pair skating, solo dance. We will be celebrating the accomplishments of our members and supporting them during their journey through their skating career. Skaters have the opportunity to learn discipline, physical and mental training, as well as positive development of social and emotional skills. Skaters are challenged at their own pace, customized planning for each participant.

Team Coaching

We promote team coaching where all coaching staff work together for the benefit of the skater and the club. Coaches working and collaborating provide a positive and friendly environment for our members. As the club grows, we will recruit new coaches and support our current coaches on development of their skills to stay up to date on skater training, techniques, and strategies.

Mission Statement, Vision, and Goals

Continue to achieve and review our Mission Statement, Vision, Goals.

Mission Statement: “Our mission is to support skaters of all ages and abilities to realize their skating goals by providing excellent coaching, programming, facilities, and leadership.”

Vision: “Our vision is to be the provincial leader in producing top quality figure skaters, where all skaters have the opportunity to realize their potential.”

GOAL 1: Offer the highest quality learn-to-skate program which provides a strong foundation for all ice sports (figure skating, hockey, speed skating and ringette).

GOAL 2: Offer a high-level training environment, by following Skate Canada’s LTADM, and current best practices for training figure skaters of all ages who have competitive or recreational goals.

GOAL 3: Strive to emulate industry best practices in organizational and administrative leadership.

GOAL 4: Improve the competitive success of our skaters by providing a full training program and be recognized as the leading training facility in Saskatchewan.

GOAL 5: Develop a club identity and sense of community (“Team Saskatoon”) for all skaters.

Below are the skating pathway of our club and Skate Canada’s Long Term Development “Sport for Life” model.

i. ASSESSMENTS

During the 2025–2026 skating season, Skate Saskatoon successfully hosted three assessment days, providing our skaters with opportunities to demonstrate their skills and continue progressing through the Skate Canada STARSkate program.

Our assessment days were held on December 18, March 20, and June 16, with a total of 134 assessments scheduled throughout the season.

These assessment days included freeskate elements, freeskate programs, ice dance, and artistic assessments across various STARSkate levels starting at Star 6.

Hosting assessment days within our club provides skaters with a familiar and supportive environment to achieve their goals while continuing their development in the sport. It also offers added convenience for skaters and their families by eliminating the need for travel and minimizing disruptions to regular training schedules, allowing skaters to maintain consistency in their preparation and development.

Of all the assessments held last year, approximately 46% of participants were not members of Skate Saskatoon. This shows that our assessments not only served our club members and families, but also benefited surrounding communities and smaller town clubs.

Congratulations to all skaters who participated and worked toward achieving their skating goals this season. We look forward to continuing to provide these valuable opportunities in the year ahead.

ii. ICE SHOW

Ice Show Report: 2026 Circus Spectacular

Skate Saskatoon AGM | 2025–2026 Season | Ice Show Committee

Step right up! The 2026 Ice Show, Circus Spectacular, brought the big top to the rink. Our skaters became ringmasters, acrobats, clowns and animals of every kind, and the arena was full of colour, music and smiles from start to finish. Skaters of all ages and levels came together to celebrate their season, and everyone, on the ice and in the stands, had a lot of fun.

About 600 people came out to cheer our skaters on. That is a record crowd for our show, and it was phenomenal to see so much support for our skating community.

~250 skaters	**~600** in attendance, a record	**~$6,200** raised on show day	**~30** volunteers

Participation and Attendance

About 250 skaters took part, including 104 CanSkate skaters, 41 Junior Prep skaters and more than 100 skaters from our other recreational and competitive programs. It was especially exciting to see so many of our youngest skaters on the ice, and the enthusiasm of their families.

Fundraising and Finances

The show generated revenue through advance ticket sales, door admissions, flowers, raffles, 50/50 and program sales.

Overall, the show generated $3600 in revenue. Thank you to our skating families, sponsors and community members for their support.

Volunteers

The show depends on volunteers. About 30 volunteers helped with dressing rooms, decorations, fundraising, ticket sales and event coordination. We are grateful for the time and effort they gave.

What We Learned

After the show, the committee and coaches looked at what went well and what we can do better. The biggest theme was that families want clear information, shared earlier. For 2027, we are focused on:

- Earlier communication. Show details, key dates and expectations shared with families earlier in the season.
- Clear, transparent selection. How skaters are placed in groups and chosen for solo and feature performances will be written down and posted publicly, so everyone knows what to expect. New policies are now with the Board for approval.
- Clear roles. Responsibilities defined early within the organizing committee and coaching team, so families know who to go to.
- Earlier costume planning. Gathering measurements and ordering costumes earlier in the season.

Looking Ahead to 2027

Planning for the 2027 show is well underway, and we are excited. We have a theme, new policies that make it clearer who skates where, and a Director of Skating who is fully on board and supporting the show. It is shaping up to be a great show.

The Ice Show remains an important Skate Saskatoon tradition. It gives skaters at every level a chance to perform in a club-wide event, build confidence and share their love of skating with family and friends. Thank you to our coaches, volunteers, committee members, sponsors, skating families and everyone who helped make Circus Spectacular a success.

REGION 9 REPORT

Competitions (Regions 7, 8 and 9 are combined). Wynyard of Region 7 hosted in January 2026 and will host again January 9, 2027. Skate Saskatoon of Region 9 hosted in Feb 2024. Clavet of Region 8 hosted in January 2023. Sectionals for Pre-Novice to Senior + all Dance/Pair Teams were held November 6-8 in Regina. Pre-Juvenile & Juvenile Sectionals (singles) + STARSkate Invitational are coming up December 5 in PA.

Annual Saskatchewan Skating Showcase was held here at ACT on April 4.

SK Teams: Deadline to apply was April 15. Open to all skaters in Saskatchewan. From Skate Saskatoon Rebecca Schindel is on ‘Elite’; Azizza Kowalchuk, Nikol Kurkin, Myra Le, Addison Hall, Madelyn Symon on ‘High

Performance'; Leighton Tan, Emma Zhu, Danika Matheson, Tori Stolte, Alex Sun, Rebecca Xu on 'Competitive'. Athlete Development revamped and improved the Prospects program.

Annual Skate Saskatchewan AGM was held in Regina on June 6. Skater Recognition Awards for Skate Saskatoon included Section Adaptive Award to Alice Pippin + Athlete Recognition Awards to Addison Hall, Myra Le, Chaunming Maio, Maya Manista, Rebecca Schindel, Jade Stolte, Leighton Tan, Rebecca Xu, Austin Zhang and the Silver Edges Synchro Team. The next AGM will be held June 5 in Saskatoon.

Skating Seminars – 2025 Rising Star Seminars were in Indian Head, Wynyard, Unity & Assiniboia. 2026 will be in Leader Nov. 21; Melville Nov. 22; Dalmeny Nov. 29 for skaters who are entering the STAR 1 to 3 programming and/or CanSkate badges 3 to 6. These seminars include on-and-off-ice training from Saskatchewan coaches. Fee is $75, 9am to 4pm, run by Program Coordinator Jana Beesley-Capili. Includes a commemorative t-shirt and a parent information session. STAR Seminar will be held here at ACT on January 2.

Skate Saskatoon President Sara McLeod attended both the spring and fall Region 8 & 9 meetings. Skate Saskatoon will need to renew their constitution in 2027. Fundraising Adjustment Fee (FAF) is now $17.50 per registrant. NEW Club Support Grant was introduced and well-received (intake cutoff dates are October 1 and January 1). The new section website was launched August 18. Members need to read the eBlast newsletter which is emailed bi-weekly. The section wants to acknowledge club milestones. SK events will now be using oneBADGE Volunteer Screening in efforts to keep skaters safe and clubs protected.

Respectfully submitted,
