Advanced CanSkate is Skate Saskatoon's "bridge" program between CanSkate and the StarSkate/Competitive Programs. It introduces skaters to the skills in edges, stroking, freeskate, turns, dance, and performance. The program reinforces daily, proper warm-up and practice technique. Confidence and ability to work independently at this level is another focus of this program. Skills will be monitored, and in the event that a skater is ready to take a Skate Canada test, they will be notified.

Advanced CanSkate participants must be able to confidently skate forwards and backwards, be able to stop under control, and be over 5 years old. ALL PARTICIPANTS IN THE ADVANCED CANSKATE PROGRAM MUST WEAR FIGURE SKATES. It is recommended that skaters have or be working on (partly completed) CanSkate badge 3 before joining the Advanced CanSkate program. The Advanced groups are organized by age and ability. The placements are subject to change. Advancement from CanSkate to Advanced CanSkate must be approved by the Coordinator or Club Manager. Additional costs may apply.

In Advanced CanSkate—group lessons are offered 4 times per week—it is recommended that participants register for at least 2 sessions per week. The skater to coach ratio is approximately 7:1.
